SUPPORTING LOCAL YOUTH SPORTS PROGRAMS

Victory Sports Performance (VSP) is excited to announce the expansion of the *Alamo City All-Stars Sportsplex, a Youth Event & Sports Center* that helps young, aspiring athletes grow and thrive in competitive sports. By developing 'strategically targeted, youth sports brands' within the facility that connects with each audience, it is poised, once again, for rapid growth.

The Sportsplex facility is a 40,000 sq.ft. complex in the Universal City - San Antonio area. Because it is centrally located along the Loop 1604 corridor; the Sportsplex draws lots of regional attention. In 2023, we will host 24 major basketball tournaments, 8 premier volleyball events, a regional championship and at least 16 other significant sports events. By 2024, we will have reached over 5,000 teams and more than 300,000 spectators and patrons at the Sportsplex.

The facility houses indoor pickle ball, volleyball, basketball and performance training. It is home to over 40 volleyball and basketball teams, leagues & clubs with a reach of over 300,000 visitors per year and growing. To support athletic performance and training, the arena is equipped with state-of-the-art strength, agility and verticality equipment. In addition, the facility promotes year-round tournaments and sporting events as well as after-school and summer youth sports programs that increasingly generates foot traffic year over year.

As shown throughout the following pages, VSP offers a variety of sponsorship and advertising opportunities within its facility. Becoming a partner in this facility is a great opportunity for local businesses to show support for youth sports development while positioning its brand to achieve audience reach and marketing goals. With many options available, each package can be negotiated to meet your individual budget.

For more information regarding this opportunity, including desired tours, or to take immediate advantage of a sponsorship opportunity, please contact Edward Dahl at eddie@alamocityallstars.com or by phone, call: 888-559-1140.

Thank you for your support,

Many of the teams and visitors require hotel accommodations and other amenities, giving them the opportunity to patronize surrounding businesses while in town.
